National Child Labor Committee
Incorporated by Act of Congress February 21, 1907
To promote the interests of Children
419 Fourth Avenue, New York City

Enclosed is a summary of child labor legislation introduced in the state legislatures during 1936. This is in three parts:

Part I. The Federal Child Labor Amendment.

Part II. Legislation Passed.

Part III. Legislation Defeated.

The Legislature of Louisiana is still in session. The two bills introduced up to the present time (resolution for ratification of the Amendment and a bill regulating hours and wages of women and minors) have both been defeated. If other bills are introduced in Louisiana later in the session a supplementary note will be sent.

Additional copies of this summary can be secured from the National Child Labor Committee.
