Senator Clifford P. Case

Washington, D.C. 20515

Dear Senator Case:

It is clear that since the beginning of Watergate and including the Ellsberg situation, that the President has consistently flaunted the Constitution and the fundamental legal principles of this nation.

Further, the resignation of the Vice-President, the Attorney-General, Presidential aides Haldeman and Erlichman, and other top administration officials has indicated the lack of responsible leadership on the part of the President.

Consequently, we believe that his continuance in office can only serve to divide the country and perpetuate a moral vacuum at the highest level of government.

We urge you to support all legal steps that will lead to the impeachment of Richard Nixon. Only through impeachment can the American people finally receive all the facts and safeguard our tradition of government by law.
