

January 5, 1942

Mr. Stanley Shepard, Jr.  
Headmaster  
Rutgers Preparatory School

Dear Stanley:

It is to be presumed that some time in the near future our Federal and State Defense Authorities may get together and issue authoritative statements with reference to all forms of civilian defense procedure. Pending such time, however, we have developed a simple series of rules which we believe will cover the situation now. I am attaching a copy of these eleven principles which the Rutgers Defense Council considers of chief importance.

Cordially yours,

N. C. Miller, Chairman

Encl.
